A Partnership between St. William (St. Simons Island, GA) and St. Joseph (Côtes-de-Fer, Haiti)

Joseph

Joseph wants to thank YOU for a Fun Time

Joseph is from one of the poorest families in Côtes-de-Fer. Thanks to Father Islaire Faustin, pastor, and an adult leader in the parish, he meets with friends every Sunday afternoon for some enjoyment, learning, snack and prayer. Joseph really enjoys this weekly activity. He hopes that his mother will send him to St. Joseph school next year. Because of your gift, Father Islaire will keep the school open, and Joseph will receive a hot meal each day and an education for another year.

“Meet” students & teachers you help at Sacred Heart School.

These are the students & teachers you help at St. Anthony School.

**Dreaming...
Beyond the Basics
for Education**

If you could help with just one thing for these children, would it be.....

-Clean Water?
-Electric Power?
-Audio-visual equipment?
-A Library?
-A computer?
-A computer lab?
-Smoke-free food preparation area?

These are the challenges that Father Islaire and the Directors of the schools face in providing a healthy environment and an improved instructional program for these children.

Generous people, like you, want to help. And you can.

Any amount donated to “education” will be used for students, teachers and other staff. All money that is not used for basic needs throughout the school year will be used for future growth and development of those areas listed above.

Please be sure to label your donation for “education.”
